PRESS RELEASE

FOR IMMEDIATE RELEASE

TREE Foundation Awards over \$8,000 in Grants to Thorndale ISD Teachers

Thorndale, Texas — The Thorndale Resources for Educational Empowerment (TREE) Foundation is proud to announce the award of \$8081.56 in classroom grants to educators across Thorndale ISD, supporting innovative teaching ideas designed to enrich student learning and enhance academic success.

This year's grant cycle drew creative proposals from teachers at multiple campuses.

Funded projects include:

EduSmart for Secondary Science

The Thinking Classroom

Mobile Planetarium

Chemistry Thermodynamics

Calculators for Math

Equitable Access: Meeting Student Read-Aloud Accommodation Needs

Thorndale Bulldogs Mobile Esports Lab

Art HS Printer and AP Camera

THS Special Education Lab- Set Up

All of these were selected for their potential to significantly impact students and strengthen instructional opportunities.

"We are honored to support the teachers of Thorndale ISD," said Wendy Kovar *Vice-president of programs for TREE*. "Their commitment to student growth is inspiring, and these grants help bring their forward-thinking ideas to life in the classroom."

Thorndale ISD Superintendent Zack Kleypas expressed gratitude for the foundation's partnership. "The generosity of the TREE directly benefits our students," he said. "Our teachers consistently seek ways to elevate learning, and this funding helps make those efforts possible."

The classroom grants are funded through community donations, fundraising events, and the continued support of local partners who believe in empowering educators and investing in Thorndale ISD's future.
